OCN Level 2 – Community Development

Employment

New Media & Communications Officer – Greater Shankill Partnership

(February 2010 - Present)

In my current role (the first of its kind in the organisation), I was tasked with the creation of an on-line presence, to streamline the communications of a complex community regeneration organisation and to promote the organisation and its constituent programmes.

Projects completed in this post include the GSP website <http://greater Shankill Partnership.org>; [Facebook](#) presence; communications & project management for 4 Shankill Community Conventions; project management, editorial and design roles in the production & distribution of GSP Annual Report; development and implementation of corporate branding; and interpretation & data visualisation of statistics.

Working with partnership programmes and projects involves regular design, UI and technological consultation and support, on a variety of information systems. I've always worked successfully on many simultaneous projects, most with quickly changing priorities and short timescales.

Freelance Web Designer *(April 2009 - February 2010)*

As a self employed web designer I have undertaken projects for a number of clients including Plastic Promotions Ltd (<http://www.plasticpromotions.co.uk>) and CL Vacuum Systems (<http://www.clvs.biz>). I worked in a Freelance capacity with Hardlight Multimedia (<http://www.hardlight.net>) on a variety of projects including Lila's (<http://www.lilas.co.uk>) and Gillanders Town and Country (<http://www.gillanderstownndcountry.com>).

Web Designer / Developer – NHS Scotland, SHOW (FT/PT) *(Sep 2006 - Apr 2009)*

Scotland's Health on the Web (SHOW) produce, maintain and host websites and web applications for the health service at a national level. My role in SHOW involved in the creation and maintenance of websites and web applications as part of a multi-disciplinary team. Working for SHOW has provided valuable communication skills and knowledge of how to work in a large professional organisation and as a member of a small team of committed professionals.

Projects included *NHS Media Monitoring* (re-design & code update) www.media.scot.nhs.uk, *National Procurement Contact Management Centre* (Gemini Installation) www.npcmc.scot.nhs.uk, *GGC Procurement Customer Services* (Gemini Installation) www.ggcpcs.scot.nhs.uk
